OK, the end of the month is this week right? Or do you mean August? I'll be on vacation but I'll put them aside for you.

Betsy

Hi Betsy,

Yes we have an IR. I will be down to the lab by the end of the month to pick up samples.

Jim

Hi Jim and Sharon,

We received 3 samples back from Fall River that the feds want a cocaine base identification on. Do you guys have a IR out there?

Here are the lab numbers:

There were other lab numbers as well but those belonged to us and also to the Worcester lab. I believe those 3 samples belong to Sonja and Rebecca.

Not sure how you would like to handle this.

Betsy
